

Product Features and Specifications

- Rifled aluminum tubing, enhanced aluminum fins.
- Multi-stage leak testing with high pressure testing at 500 psi, mass spectrometer pressure decay with helium, then sealed and nitrogen pressurized.
- Left- or right-hand refrigerant and plumbing connections.
- Heavy duty plastic drain pans.
- Embossed galvanized cabinets standard with painted options to OEM color.
- Upflow standard; downflow with field-installed kit, sold separately.
- Cabinets fully insulated foil-faced insulation.
- Split access doors in front of cabinet for easy service access.
- AHRI certifiable with all brands of A/C and heat pump systems.
- ETL listed for use with R-22, R-410A, R-454A, and R-32 when proper metering device is used.
- Ten-year limited warranty. For complete warranty details, please visit www.AspenMfg.com

Customization

- Factory or field-installed TXV available
- High temperature plastic drain pan
- OEM color matched cabinets

Downflow Kit Part Numbers

- **METAL DRAIN PANS** 16" DWNFLWM-16 & 18" DWNFLWM-18
- **PLASTIC DRAIN PANS** DWNFLWP

Unit shown with service panels removed. Representative photo only. Some models may vary in appearance. Duct opening dimensions can be ascertained by subtracting 1-1/2" for top opening width/depth, 3/4" for bottom opening. Due to continuous product improvement, specifications are subject to change without notice.
